EXPERIENCE

FREELANCE | Web Development [Live Link]

Dec 2023 - Jan 2024 | Chennai, India

- Engineered and crafted a modern website for an architecture firm using **NextJS, PlanetScale, and Prisma ORM**. Drove a **45% surge in website traffic** and **20%** growth in **client acquisition.**
- Orchestrated **structured data** integration, resulting in a **98% Lighthouse score**, organic visibility, and search ranking.
- Executed **server-side rendering**, achieving a **15% reduction in loading times** for seamless performance.

DELONIX | Full Stack Intern

July 2023 - Sept 2023 | Chennai, India

- Achieved an **increase in successful transactions** and **ensured 100% client satisfaction** through **secure payments** and **efficient data management.**
- Leveraged **React** for an interactive interface, **integrated Firebase** for backend operations, and **implemented Stripe** for payments, resulting in a **25% reduction in response times** and **enhanced user experience.**

PROJECTS

AGROVOICEAI [Live Link]

Apr 2024 - Ongoing
Nextjs, Firebase, IoT, MySQL, REST APIs

- Integrated **real-time soil testing**, **weather forecasting**, and **pest detection** functionalities, increasing efficiency for over 30 small-scale farmers.
- Empowered farmers with **personalized** recommendations and pest identification, leading to atleast 10% increase in crop yields.
- Provided **cultivation guidance** and **voice chat** functionality in **native languages** to enhance inclusivity and user satisfaction by 25%.

PORTFOLIO 3.0 [Live Link]

Dec 2023

- Crafted a page using **Octokit API** to showcase **30+** diverse projects, enabling **real-time data** exploration.
- Authored engaging blog posts with an average **3-minute reading time** using **Contentlayer**, featuring a **user-friendly interface** and intuitive contact form.
- Garnered 90% positive feedback on the **intuitive interface** and contact form, facilitating effortless interaction and communication.

ACHIEVEMENTS

- Won Firstnaukri's Techquest#1 (**1st out of 700 participants**).
- Achieved top scores on **LinkedIn skill assessments**, ranking in the top 5% for **CSS** and **ReactJs**, top 15% for **front-end development**, and top 30% for **machine learning**.
- Secured a **Top 50** position in Naan Mudhalvan for our water potability prediction model.
- **Selected among top 1000 teams in Tamil Nadu** in Naan Mudhalvan Niral Thiruvizha for our proposal.
